Regarding my future career, I am looking to pursue a career within my field of study. Until then, I hope to enhance my own skills and experience through pursuing a wide range of work in differing fields. I believe this will give me important experience in the workplace, as well as broaden my skills as a worker and a person.

## Personal Details

---

**Driver's License:** None

**Eligible to work in the UK:** Yes

**Highest Level of Education:** Bachelor's

## Work Experience

---

### Student on Python coding course

Code Nation - Remote

April 2024 to Present

- Part-time, 2 days a week (Monday and Tuesday).
- Learning Python and other coding languages in order to translate broader IT skills into a more specified job role/career.
- Learning basic HTML website design skills
- Course providing career help in related field, including job offers upon completion of the course.

### Field Sales Agent

VS Tech LTD t/a EE Franchise - Northwich

September 2023 to November 2023

- Worked both in-store and in the field dealing with customers in a sales environment.
- Learnt how to deal with issues or customer demands in the moment and improvise in order to finalize sales.
- Gained valuable demographic-related knowledge and how to best work with and meet various customer requirements.

### Temporary Intern

TGW Logistics - Market Harborough

June 2016 to June 2016

- Worked as part of the team at TGW as part of work experience, in the Projects & Controls Department at the Market Harborough regional headquarters.
- Helped work on the Hachette Warehouse Control System (WCS) by checking and proofreading the Material Flow Design (MFD) documents.
- Made sure there were no errors in calculation, and made a note of the errors to

be rectified.

- Learnt how to use field-specific language in writing, in order to help make it more relevant to the subject & improve understanding amongst colleagues.
- Used the available information, including WCS documents, to develop my knowledge of how a company like TGW designs & implements logistics solutions.
- Good communication and structure meant that I gained experience working as part of a well-coordinated team.

## Education

---
